

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF HIGHLAND**

NAME: ROSS JONES

AGE: 63

OCCUPATION: Incumbent

I am a lifelong resident and volunteer of the City of Highland, committed to the strength and vision of the citizens of our community. Since my election in 2004, I have worked hard to bring stability and accountability back to Highland. I understand that family values, not government regulations, make this City strong.

As a dedicated volunteer and elected official, I have consistently emphasized that quality development, employment opportunities, public safety, and recreational and educational opportunities for our youth must be our highest priorities.

I am a man of action, not words. As your Mayor, I have focused my efforts on ensuring a quality lifestyle for the citizens of Highland. I am committed to maintaining quality police and fire protection for the whole City; maintaining a positive "pro-business" attitude and environment that will encourage businesses to make Highland their home; establishing a mutual school/city park use and environmental learning program; and encouraging quality growth while maintaining quality construction standards.

My dedication to Highland, together with my background as a professional experienced with budgets, public agency relations, and fiscal planning with a vision for future needs, make me uniquely qualified to achieve our community's goals.
